PROFILE

As a Full Stack Web Developer and Graphic Designer, I've crafted numerous websites, even developing custom CMSes. My blend of technical expertise and design acumen allows me to create cutting-edge websites and program online systems.

Self-taught with a humanistic background, I bring a unique perspective to problem-solving, leading to creative solutions in both graphics and programming. With international work experience, I have honed my skills in web development, and am passionate about delivering high-quality and innovative results.
